

# GET TO KNOW US

A powerful and flexible software solution which scales to meet the needs of any business is our ultimate goal

### What is Visitor Chat?

Providers of Fully Managed Live Chat Processes and Software, specializing in Automotive, Property, Recruitment and Telecoms

**Key Insights**

Detailed performance reports are made available from the Visitor Chat Reporting Suite. Monitor and track campaign success by website, department, stock type and more

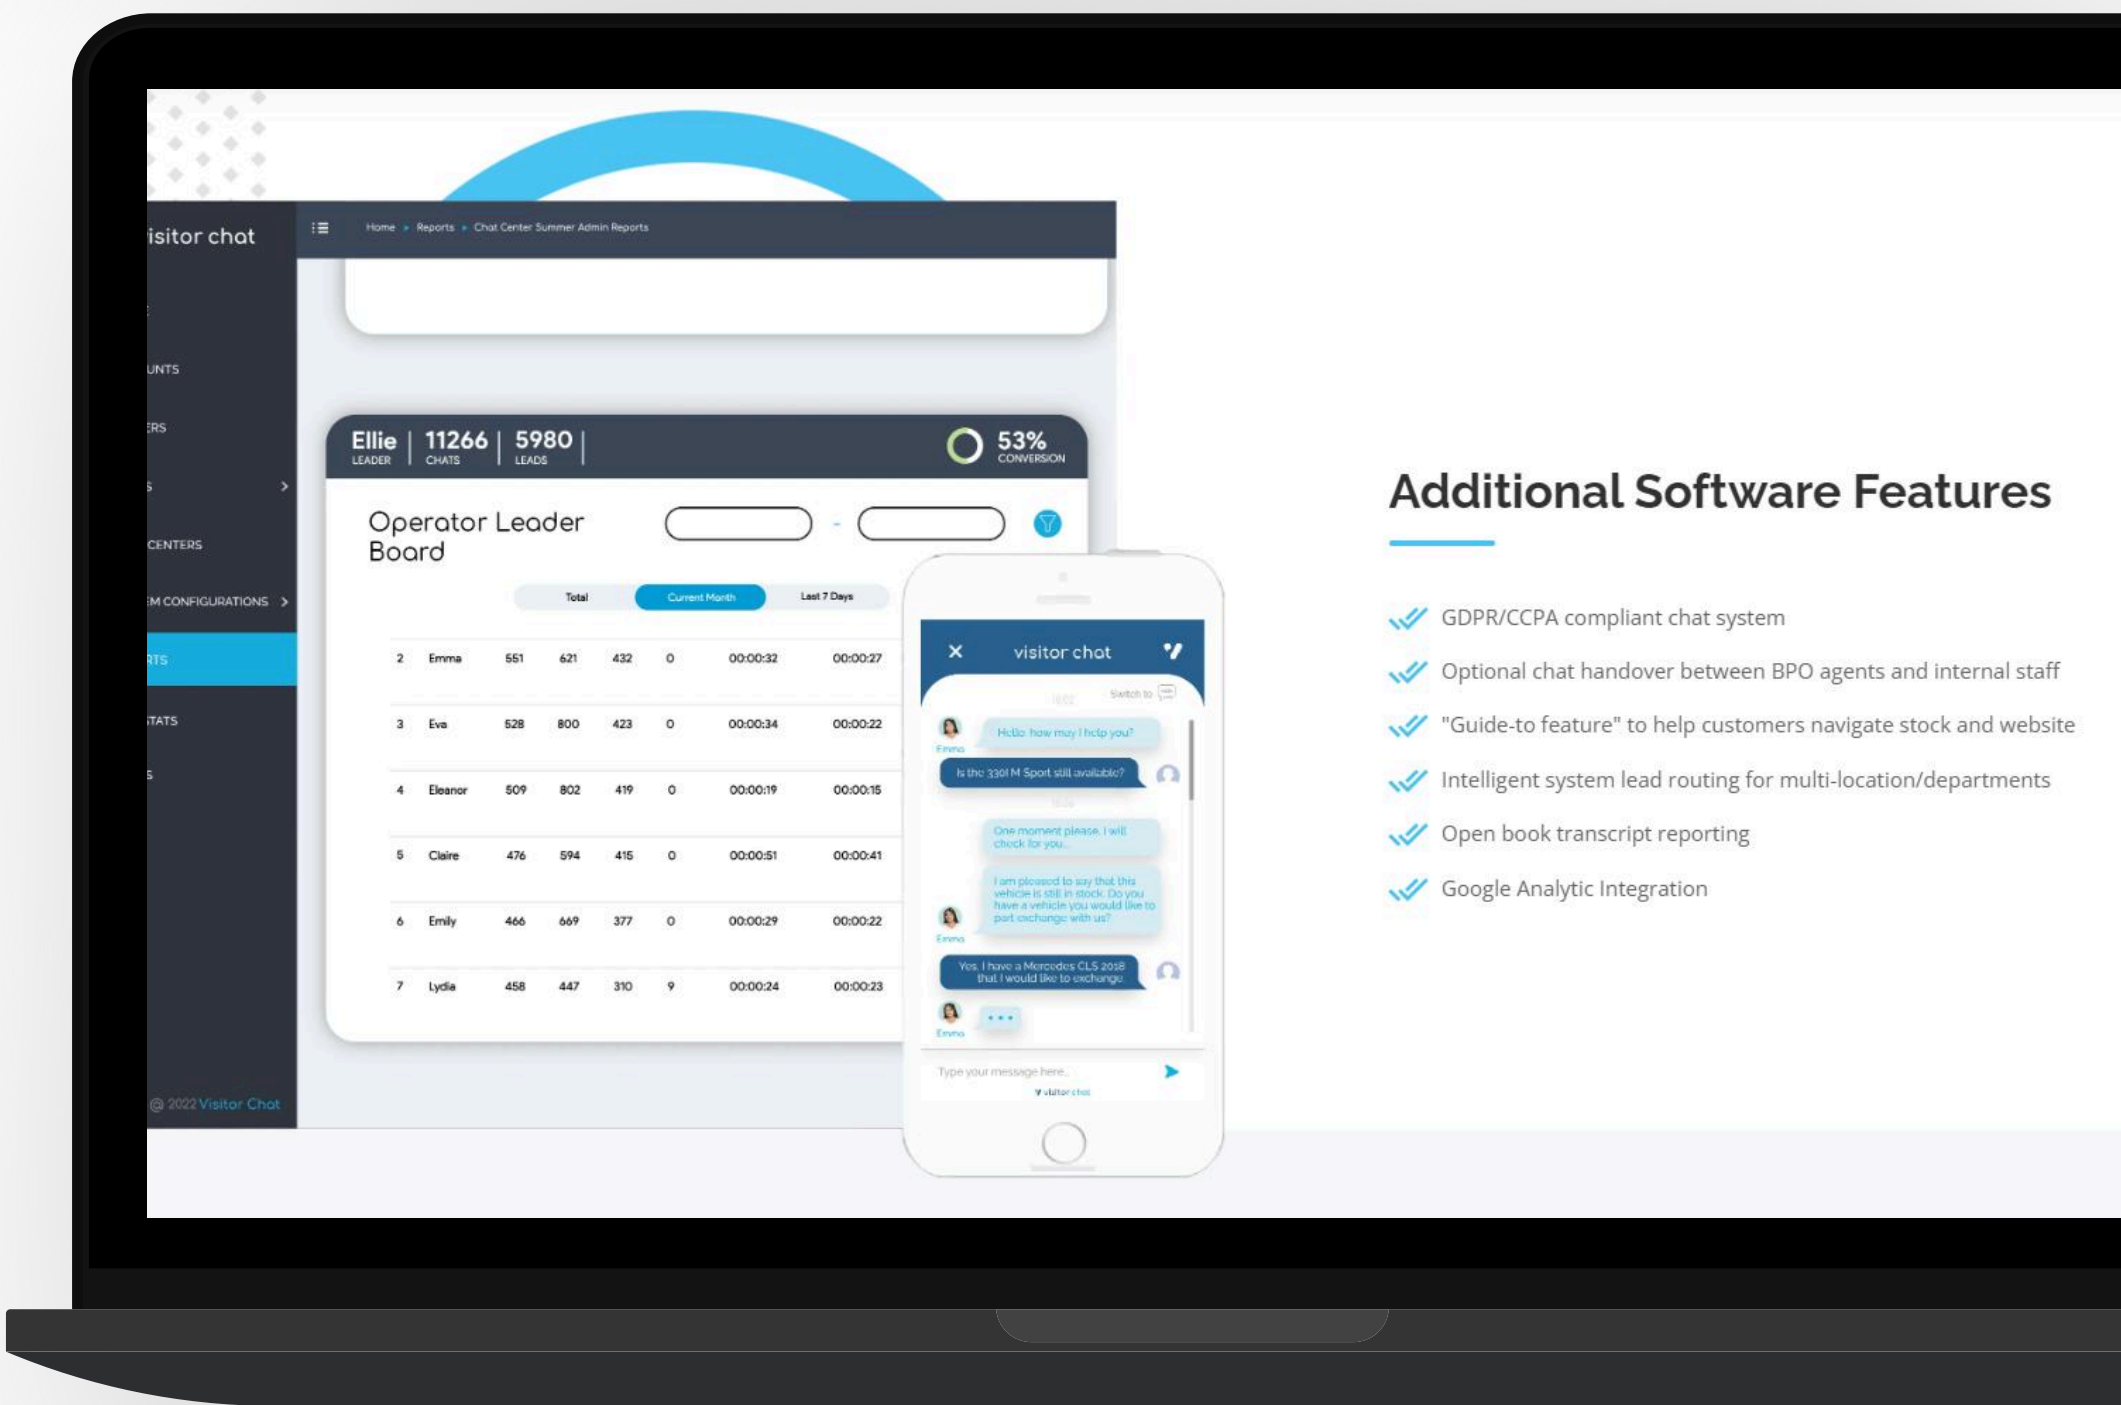

**Useful System Integrations**

Visitor Chat software connects with customers across multiple platforms (Web/Portal/SMS and Social Media), integrated into one seamless chat management, back office and reporting system

**Unique Experiences**

Working with an Account Manager, you'll receive a brand-compliant chat UI for your website, incorporating your colors, theme and logo. Unique chat flow processes provide a brand appropriate and tailored chat experience for customers
